Enrollment Audit

Reminder: Charter School Closure for Nonpublic Students

With the end of the 2013-2014 school year fast approaching, OSSE requests that all LEAs remind parents of their child's enrollment status for the upcoming school year, including parents of children whose maximum age exceeds the grades served by the LEA and students attending nonpublic programs. These reminders are an important component of supporting student transition and ensuring that all children continue to receive their education.

To assist in this process, OSSE has drafted and provided [sample letters](#) for LEAs to use in the event of a public charter school closing or when a student reaches the maximum age range for children served by that LEA. These letters include resources, such as website links and phone numbers for parents.

OSSE will be providing student level data separately for each LEA with students in these categories.

For questions and concerns, please contact [Sean Flora](#).

Reminder: Enrollment Audit Residency Verification Documentation and Guidance

OSSE has provided residency verification training to all LEAs for SY14 - 15. Please access the OSSE website for [training presentations, translated forms and resource materials](#).

Reminder: SY 2013-14 Pre-K State-Wide Classroom Assessments Scoring System (CLASS) Evaluation

Pursuant to the Pre-K Enhancement and Expansion Act of 2008 (D.C. Code 38-271.03; D.C. Law 17-202), OSSE in partnership with School Readiness Consulting is conducting its annual evaluation of pre-kindergarten programs in community-based organizations and public charter schools during SY 2013-2014 using the Classroom Assessment Scoring System (CLASS). The purpose of the study is to assess classroom quality and evaluate early childhood programs through collecting and reporting quantitative and qualitative data to provide useful input for strengthening the early childhood education system. OSSE will disseminate program/school level reports the week of June 23 to June 27, 2014. A final comprehensive report including the District of Columbia Public Schools will be available by September 2014.

Reminder: Online Attendance Tracking System (ATS) for Subsidy Providers

OSSE is pleased to announce a new online Attendance Tracking System (ATS) for our subsidy providers throughout DC and surrounding areas. This web-based solution makes monthly time entry easier than ever! All provider sites will be listed with assigned children displayed within the attendance grid.

Beginning with the June 2014 attendance, ATS will be the application all subsidy providers must use to submit attendance to the OSSE Attendance Coordinators. This new system includes:

- **Month Date Displays** – ensuring the information is entered for the appropriate child on the appropriate day.
- **User Codes** – previously defined user codes will be used in ATS and the same premise of entering only exceptions will be in force.
- **Save as Draft** – providers can enter attendance daily using the Save as Draft function.
- **Edit Attendance Entries** – providers can make changes at any time before submitting the form for approval.
- **Load Holidays and Approved Closures** – enter closures affecting all children with just a few keystrokes.
- **Add Attachments** – easily upload child and site supporting documentation.
- **Print** – completed forms can be printed for your files.

To support the rollout of this new application, webinars were scheduled for providers of multi-site, single-site, home provider and those needing Spanish translation. Representatives of providers attended the webinars.

Providers who feel they need more help after the webinar, can attend open classroom sessions scheduled for the following dates. Registration is not required. Simply come to the OSSE Building at 810 First Street NE, Room 3002, Washington, DC 20002 between the hours listed below.

To that end, OSSE is seeking your input on a new “LEA Support Model.” The goals of the model are as follows: 1) allow OSSE to deliver high quality, useful technical assistance to LEAs, 2) reduce LEA burden through coordinated service delivery and improvement planning, and 3) foster cross agency collaboration and develop LEA learning communities to support best practice sharing.

Reminder: Special Education Secondary Transition Public Awareness Campaign Kick-off

OSSE’s Division of Specialized Education is pleased to announce a public awareness campaign launch regarding Special Education Secondary Transition, Friday, June 20, 2014.

The campaign, entitled “Get Started Now,” will highlight and feature ways to support a successful transition for youth with disabilities. The campaign is simple: everyone has a role to play. “Get Started Now” is a campaign that seeks to heighten awareness about secondary transition and the many resources available to the community, and the roles each of us play: whether a student thinking about his or her post-school options, a parent supporting a student receiving special education services, an educator responsible for IEP development, or a business owner in the community or is looking for ways to support youth.

The kickoff will provide a general overview on secondary transition, highlight the District’s state secondary transition plan and the work that its Community of Practice (CoP) has accomplished this past year, and showcase new hard copy and electronic materials regarding the importance of secondary transition planning for city-wide use.

The kickoff event will be hosted at OSSE 810 First Street, NE – 3rd Floor Grand Hall on Friday, June 20, 2014 from 10:00am – 12:00 noon.

To learn more about this campaign, please contact by email [Ms. Naté Dearden, Esq.](#), Secondary Transition Specialist or call (202) 741-0267.

LEA LOOK FORWARD

Division of Specialized Education (Continued)

Final Notice: June 17 Deadline for Child Outcomes Summary (COS) Exit Scores

The deadline for completing Child Outcomes Summary (COS) exit scores is fast approaching. When a student will transition out of receiving pre-school/pre-K special education services, an LEA must collect COS exit data and assign COS exit scores within the 60 day window leading up to the child's exit from the program. The most common exit period is when a student in pre-K will transition to kindergarten.

By Tuesday, June 17, 2014, all LEAs should have entered in appropriate COS exit data and scores into the DC CATS database for every child who will be transitioning out of preschool/pre-K special education programs. On June 18th, OSSE will generate a list of students in SEDS who have IEPs and are attending a preschool or pre-K program, and use that list to verify that all students who will be transitioning to kindergarten (or have turned 6 years old) have COS exit scores completed in DC CATS.

The [COS Exit Scores Refresher Webinar](#) is now posted on the OSSE website, which also contains the COS Guidance Manual, and other resources. All questions related to COS should be directed to osse.cosfaq@dc.gov.

Reminder: Child Find, Evaluation, & Eligibility Determination Survey and Focus Group

OSSE is initiating a review of key components of Title 5-E, Chapter 30 of the District of Columbia Municipal Regulations (DCMR), the local regulation that governs special education practice in the District of Columbia, with the intention of revising identified key components.

In addition, input from the process will be used to inform the development of a new five-year strategic State Systemic Improvement Plan (SSIP) for Special Education.

As part of the regulatory review process, the Division of Specialized Education (DSE) will be releasing surveys and holding topic-specific focus groups on the following key content area "clusters" to inform the work:

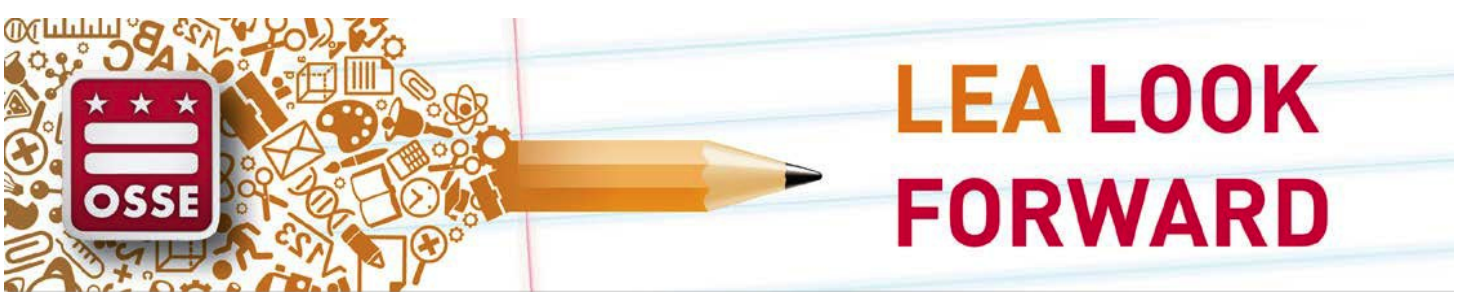

- Transfer of Educational Rights
- Child Find, Evaluation, & Eligibility Determination
- Specialized Instruction & Caseload/Class Size
- Least Restrictive Environment (LRE) & Discipline Procedural Safeguards
- Graduation Pathways, Secondary Transition, & IEP Certificate of Completion

Reminder: Compliance Monitoring for Indicators 4b, 9, and 10 Began May 1, 2014

The U.S. Department of Education, Office of Special Education Programs (OSEP), requires each state to engage in annual monitoring of all LEAs on three items:

1. Indicator 4b- Suspensions and Expulsions: Percent of districts that have: (a) a significant discrepancy, by race or ethnicity, in the rate of suspensions and expulsions of greater than 10 days in a school year for children with IEPs; and (b) policies, procedures or practices that contribute to the significant discrepancy and do not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards.
2. Indicator 9- Disproportionate Representation as a Result of Inappropriate Identification: Percent of districts with disproportionate representation of racial and ethnic groups in special education and related services that is the result of inappropriate identification.
3. Indicator 10-Disproportionate Representation in Specific Disability Categories: Percent of districts with disproportionate representation of racial and ethnic groups in specific disability categories that is the result of inappropriate identification.

To complete monitoring for indicators 4b, 9, and 10, all LEAs whose data indicate that there may be a discrepancy in one or more of the indicators outlined above participate in a self-study process. OSSE reviews the results of the self-study, and makes findings of noncompliance for LEAs whose self-study materials indicate that the discrepancies in discipline, special education status, or special education category are related to inappropriate policies, procedures, or practices.

In order to meet OSEP's timeline for monitoring on this item, OSSE is monitoring on indicator 4b, 9, and 10 in the spring instead of the fall. This means that many LEAs that just recently participated in indicator 4b, 9, and 10 monitoring may be required to do so again. To decrease the reporting burden for LEAs as OSSE adjusts the monitoring schedule, the activities that each LEA is required to complete have been reduced.

OSSE will send materials to all LEAs that are required to participate in indicator 4b, 9, and 10 monitoring during the first week of May. The information packet will include deadlines for submission of self-study materials and will provide a contact person at OSSE who will support your LEA through the process. If you have any questions about this monitoring, please contact [Dr. Cheryl James](#) by email or call on (202) 724-7803.

New: DC Free Summer Meals Program-June 23 through August 22

As an educational provider, you are at the heart of making meals available to the children and teens in your community. When school is out, hunger is in! How many needy children are you willing to feed this summer? Did you know that school districts around the country are serving meals to children and teens outside their school building, such as on their playgrounds or on a cool grassy area?

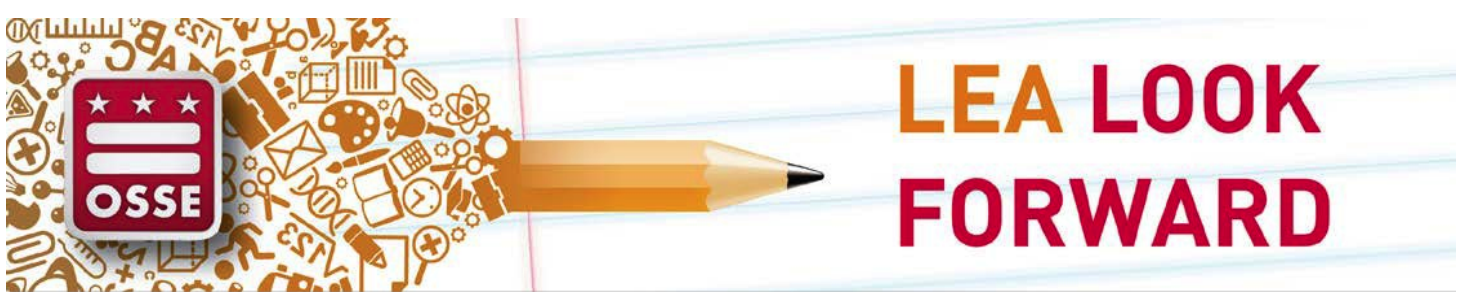

Providing free meals to hungry children 18 years of age and under during the summer months helps them be physically and mentally ready when school begins. Teens especially face the same risks of food insecurity in the summer and as younger children and need your support, so make sure your teens are taking advantage of the free summer meals too! While offering good food in an appealing manner will attract children and teens, offering an activity or program that is fun will provide an opportunity to keep them engaged. Although activities are fun, you are not required to offer activities in order to feed the children. Generally, children and teens from the community simply go to an open site to get their meals. This means the summer meal program sites are “open” to the community, so parents or children are not required to give any personal information about their family status to site operators in order for children to receive a free meal.

If you are interested in becoming a sponsor or a site, or even to learn more about the [DC Free Summer Meals Program](#), it still isn't too late. Please contact [Elisabeth Sweeting](#) or on (202) 724-7628 between 8:30 am – 5:00 pm Monday through Friday.
